Subject: USG Red Wing, MN - Draft Agenda

Good morning Matt,

Per our previous conversations, and after talking with Daniel and our management, I am proposing this draft Agenda for the upcoming meeting between EPA and USG regarding the Red Wing, MN facility.

1. USG's current plans for SO2 modeling
2. Production outlook and possible upcoming significant changes to the Red Wing facility
3. Ambient air monitoring

This is a draft Agenda - we are happy to include any additional topics you would like to discuss.

Please let me know UGS's availability for a meeting during the weeks of Nov. 6th & Nov. 13th and the month of December.

Thank you.

Sincerely,

Sarah J. Stillman
